"What was once the western United States is now home to the Republic,
a nation perpetually at war with its neighbors.
Born into an elite family in one of the Republic's wealthiest districts,
fifteen-year-old June is a prodigy being groomed for success in the Republic's highest military circles.
Born into the slums, fifteen-year-old Day is the country's most wanted criminal.
But his motives may not be as malicious as they seem."
Join us for a conversation about
Marie Lu's *Legend*
