

We ask for your cooperation and patience in maintaining a healthy school environment by **restricting visitors who are non-school employees** on school campuses and educational sites. **Unless you have an urgent matter that requires you to be on school property or you have been contacted to pick up student assignments,**

call the school's administrative office or the Education Center (828-728-8407) for assistance. All school numbers and addresses are posted online on the district website at caldwellschools.com

To limit the spread of coronavirus COVID-19, all NC Public Schools are closed as ordered by Governor Roy Cooper.

We encourage you to heed to the precautionary measures and the preventive guidelines recommended by the state and federal health agencies. Together, we will provide a safe and healthy community for our students.

Superintendent of the Caldwell County Schools
Dr. Donald Phipps
