Edexcel are pleased to provide this free vocabulary book freely to support learners following the the Edexcel GCSE 2009 Specification in German.

Please note: the most up to date version of this document is available on the Edexcel website and a definitive list of core vocabulary is available in the Edexcel Specification.

English meanings, genders and irregular word endings are given and the vocabulary is listed both alphabetically *and* under the following Edexcel headings:

Please note that this is not a complete list of all vocabulary for the Edexcel GCSE, and should be used as a reference guide that students can refer to and add to rather than a definitive list of vocabulary needed to achieve a specific grade.

This vocabulary book is currently a first draft; if centres notice any errors in the vocabulary lists contained in this document please let us know and we will ensure they are updated appropriately.
