Epi-Pen and Epi-Pen Jr.

1. Pull off gray activation cap.

2. Hold black tip near outer thigh (always apply to thigh)

- 3. Swing and jab firmly into outer thigh until Auto-Injector mechanism functions. Hold in place and count to 10. The EPIPEN® unit should then be removed and taken with you to the Emergency Room. Massage the injection area for 10 seconds.**

For children with multiple Food Allergies use one form per allergen.
