

ANNUAL STUDENT AGREEMENT

I have read policy 3225/4312/7320, Technology Responsible Use. I understand that the policy governs the use of all school system technological resources both on and off school property and the use of my personal technology devices on the school campus. By signing below, I agree to strictly comply with that policy, including the provisions of the policy summarized below:

- I agree to respect others in the school community and on the Internet by following the generally accepted rules of network etiquette.
- I agree to follow the rules set by my principal regarding whether and how personal technology devices (including, but not limited to smart phones, tablets, laptops, etc.) may be used on campus.
- If I notice a security problem on a school technological resource, I will immediately notify my teacher, a principal, or other school administrator, and I will not show this problem to other students.
- I will not:
 - Use school system technological resources to make money, to play games that are not school-related, or for other entertainment purposes that are not school-related.
 - Copy, for personal use, software purchased by the school system.
 - Use school technological resources to plagiarize another's work or otherwise violate state or federal law.
 - Create, transmit, or intentionally view or access material that is obscene, defamatory, profane, pornographic, harassing, or abusive.
 - Attempt to bypass the school system's content filtering.
 - Install or use any Internet-based file sharing program designed to allow sharing of copyrighted material.
 - Send email or other electronic communications fraudulently, such as by misrepresenting the identity of the sender.
 - Reveal personally identifying information or information that is private or confidential when using e-mail, chat rooms, blogs, or other forms of electronic communication.
 - Forward or post personal communications without the consent of the person who wrote it.
 - Deliberately damage school system computers or other technological resources, transmit computer viruses or self-replicating messages, or deliberately try to degrade or disrupt performance of the school system network.
 - Create or load any games or software onto any school system computer, electronic device, or network without permission.
 - Use the computer network to try to gain unauthorized access to other computers, computer systems, or accounts.
 - Use someone else's ID or password.

- Read, change, block, execute, or delete files or communications belonging to another user without the owner's express prior permission.
- I understand that nothing I create, store, send, delete, receive, or display when using the school system's network, devices, Internet access, email system, or other technological resources owned or issued by the school system is private. I understand that this applies whether the resources are used at school or elsewhere and even if the use is for personal purposes.
- I understand that the school system reserves the right to monitor, track, and log for any lawful purpose (1) my network access, communications, and use; (2) the content of my user files, electronic mailboxes, and systems outputs (such as printouts); and (3) my online activities when accessing the Internet with a school-owned device.

I understand that failure to follow these requirements will result in disciplinary action, including revocation of user privileges and, in the event of willful misuse, possible criminal prosecution. I also understand that while school personnel generally do not monitor my Internet activity on a personal device during non-school hours, I may be disciplined when my online behavior has a direct and immediate effect on school safety or maintaining order and discipline in the schools, even if no school system technological resources are used.
